🚨 URGENT: Meeting in 20 minutes

Meeting: meta meeting - 6
Date: 6/8/2025, 1:30:00 pm

CLIENT CONTEXT

Meta is a leading technology company focused on connecting people globally. We're engaging on potential cloud migration and digital transformation strategies to improve their internal processes and efficiency.

ENGAGEMENT HISTORY

Previous meetings explored their current cloud infrastructure challenges and potential areas where Cprime's expertise could provide value, focusing on DevOps and CI/CD.

EXTERNAL INTELLIGENCE

Meta's recent Llama 3 launch is generating significant industry discussion, highlighting potential areas where AI-driven solutions can enhance their cloud infrastructure and application performance.

TALKING POINTS

- 1. Discuss how Cprime can help Meta optimize their infrastructure to effectively leverage Llama 3.
- 2. Present a tailored DevOps strategy that improves the efficiency of Meta's development cycles in light of growing AI initiatives.
- 3. Outline specific cloud migration strategies that can enhance cost efficiency and scalability to handle increased compute demands.

▸ 4. Address specific concerns and challenges raised in previous meetings, demonstrating progress in solution design.

KEY QUESTIONS

▸ 1. What are Meta's specific expectations for the integration of AI models like Llama 3 with their existing cloud infrastructure?

▸ 2. What are the key performance indicators (KPIs) that Meta will use to measure the success of cloud migration or DevOps implementations?

▸ 3. What are the major bottlenecks or concerns around their current cloud usage and development practices?

RISKS & OPPORTUNITIES

⚠️ **Risks:** Potential internal resistance to major infrastructure changes or adoption of new DevOps practices. • Competition from other consulting firms also vying for Meta's business. • Budget constraints within Meta that might limit the scope of our proposed solutions.

🚀 **Opportunities:** Securing a long-term partnership to support Meta's ongoing digital transformation efforts. • Demonstrating Cprime's expertise in AI-optimized cloud infrastructure, leading to further engagements. • Expanding our services beyond the initial scope to include training and support for Meta's internal teams.
