SALES BRIEFING: facebook client meeting - 5th

Meeting: Mon, Sep 15, 10:30 PM

Deal Stage: DISCOVERY

Location: Microsoft Teams Meeting

Key Stakeholders: joshnaacsha@gmail.com

PROSPECT PROFILE & QUALIFICATION

Facebook, now under Meta, is experiencing rapid growth in digital content creation requiring sophisticated AI video editing tools and enhanced digital security for its platforms, including WhatsApp. With Meta's recent focus on AI, VR, and social features, they are likely operating on a substantial budget for digital transformation projects. Their pain points likely include the need for scalable cloud infrastructure and advanced DevOps practices to support new feature deployments and ensure high availability of services.

DEAL HISTORY & PIPELINE STATUS

This is our first meeting with Facebook, indicating an early-stage opportunity without prior

objections or commitments. The focus will be on understanding their specific needs, budgetary constraints, and timeline for implementation.

Sales Cycle: Initial prospecting call

COMPETITIVE INTELLIGENCE & MARKET PRESSURE

Meta's recent introduction of new AI video editing tools and anti-scam features indicates a strong drive towards enhancing digital content creation and security. These initiatives may create urgency for upgrading their cloud infrastructure and DevOps practices. The key decision-maker, identified from attendee research, holds significant influence over digital transformation projects and is likely empowered to make or influence substantial investment decisions.

DEAL RISKS & OBJECTION HANDLING

Potential Deal Killers: Potential competition from other cloud services providers with established relationships with Meta. • Budget constraints due to the wide array of projects under Meta's digital transformation initiatives may limit the scope of our engagement. • Delay in decision-making process due to the complex organizational structure and the need for buy-in from multiple stakeholders.

SALES OPPORTUNITIES & EXPANSION

Revenue Growth Potential: Upsell potential through offering comprehensive digital transformation solutions beyond cloud migration, including advanced analytics and AI capabilities. • Creating urgency by aligning our solutions with Meta's recent updates and developments, showcasing how our services can accelerate the deployment of new features and enhance security. • Leveraging Meta's focus on AI, VR, and social features to position our consulting services as essential for staying competitive and leading in innovation.
