VALUE PROPOSITIONS (Lead with ROI)

- ▶ 1. Highlight Cprime's expertise in migrating SAP modules to Google Cloud, leveraging the SAP/Google partnership to deliver seamless integration and optimized performance, resulting in increased ROI and reduced TCO for Ford.
- ▶ 2. Showcase Cprime's proven track record in successful cloud migrations for large enterprises, emphasizing minimized disruption and accelerated time-to-value. Quantify the potential cost savings and efficiency gains Ford can achieve with our solution.

- ▶ 3. Position Cprime as a strategic partner that goes beyond migration to provide ongoing support and optimization, ensuring Ford maximizes the value of its cloud investment and remains competitive in the evolving automotive landscape.

QUALIFYING QUESTIONS (Advance the Sale)

- ▶ 1. What is the allocated budget for the cloud migration project, and what is the expected ROI or cost savings Ford is targeting?
- ▶ 2. What is the desired timeline for completing the migration, and what are the key milestones and deadlines we need to consider?
- ▶ 3. What are the key decision-making criteria Ford will use to evaluate potential partners, and who are the key stakeholders involved in the decision-making process?
- ▶ 4. Besides cost savings, what are the primary business drivers for migrating to the cloud (e.g., increased agility, scalability, innovation) and how do those impact the selection criteria?

DEAL RISKS & OBJECTION HANDLING

Potential Deal Killers: Unclear budget allocation and potential for budget constraints to impact the scope and timeline of the project. • Competition from other consulting firms and the possibility that Ford is already engaged with another vendor. • Internal resistance to change or lack of stakeholder alignment could delay the decision-making process and hinder progress.

SALES OPPORTUNITIES & EXPANSION

Revenue Growth Potential: Upselling Cprime's DevOps and CI/CD implementation services to further optimize Ford's cloud infrastructure and accelerate software delivery, leading to increased revenue and deal size. • Leveraging the SAP/Google Cloud partnership to offer a comprehensive migration solution that integrates seamlessly with Ford's existing SAP landscape, creating a competitive advantage. • Expanding the scope of the project to

include other areas of Ford's business, such as data analytics and AI/ML, increasing the overall deal value and establishing Cprime as a long-term strategic partner.
